Pt. 2-If I Took a Train

Narwhals & Waterfalls

If I took a train to France
And I heard the whistle blow
When I met my friend at the station
I'd kiss their cheek and say "Bonjour"

If I rode my bike to India
Through the night and through the day
When I met my friend at the market
I'd touch my palms together and say "Namaste"

There're many ways to say hello
It's more than just a word you know
It's the actions and respect we show
So grab your passport, and let's go!

If I had to get to Germany
So I hitchhiked on a frog
When I met my friend at his lily pad
I'd shake their hand and say "Guten Tag"

If I flapped my wings to Israel
On a breeze so nice and calm
When I landed on my friend's doorstep
I would knock and say "Shalom"

If I rode a kangaroo to Australia
Played jump rope with the waves
When I met my friend at the beach
I would wave and say "Hello"

It's a kiss on the cheek in France (Bonjour!)
Palms together in India (Namaste!)
Shake a hand in Israel (Shalom!)
A firm shake in Germany (Guten Tag!)
Give a smile in Australia (Hello!)
So grab your passport and let's go!
