

The Magic Words

Narwhals & Waterfalls

C G/B
Some words are easy to say

Am G
Like my name, my birthday, and my favorite color

C G/B
Some words I always forget

Am G
Like the name of the that guy with the mustache I met last summer

Some words are just silly
Like chupacabra, pollywog, and skiddly dee
But some words get caught in my throat
I don't know why it's so hard for me to say

Prechorus

C G/B Am G
I'm sorry, I was wrong, I need help, oh
I need a minute, I'm scared, I don't know

C G/B Am G
Let's practice saying them now, so it's easier when we need to
We can whisper or shout them loud just as long as we can be true

C G/B Am G
To ourselves, oh

The Magic Words

Narwhals & Waterfalls

C

G/B

Some words I hear all the time

Am

G

Like "bedtime", "no", and "finish your food first"

Some words are still brand new

Like terraform, frontal cortex, and bratwurst

Some words are tongue twisters

Like "If a dog chews shoes, whose shoes does he choose?"

But sometimes even that's easier

Than the hard things I must do to say

Prechorus

Chorus

C

G/B

Am

G

Some words are hard to say, but they're worth it

C

G/B

Am

G

Brat dat dat dah dah dah dah, oh
