Shake

C G

When I feel the rhythm in my hands, I clap like this

When I feel the rhythm in my feet, I step like this

When I feel the rhythm in my legs, I jump like this

When I feel the rhythm in my arms, I spin like this

F C G

Shake, now we shake louder

Shake, now we shake quieter

Shake, now we shake faster

Shake, now we shake slower

When I feel sadness in my chest, I breathe like this

When I feel anger in my shoulders, I roll them like this

When I feel nervous in my stomach, I rub it like this

When I feel love in my whole body I smile,

And dance, and twist, and sing, and

F C G

Shake, now we shake louder

Shake, now we shake higher

Shake, now we shake lower

Shake, now we shake all around

Shake, now we fade out

Even quieter...
